

08:00 - 09:00 Registration

Welcome and Keynote (Atlantic 2)

Atlantic 1

09:00 - 10:15

Jade Abbott

You don't need AI; you need to know what your data is

10:15 - 10:40 Tea break

Atlantic 2

Marine

10:30 - 11:20

Riding the Storm: Thriving in Uncertainty as a Startup
Bernard van Niekerk

Unveiling the Illusion: Navigating the Pitfalls of Low-Code Data Tools for Non-Specialists
Johanna Thathaisa

11:20-11:30 Movement break

11:30 - 12:10

TDD for Data Engineering
Guillaume Belrose

Diving into Delta Lake
Michael Johnson

12:10 - 12:20 Movement break

12:20 - 13:00

Could I store data in my closet?
Janine Lodewick

Where'd my facts go!?" - Navigating the Development Journey of a Knowledge-Augmented Large Language Model Application at Company Scale
Jonathan Gerrand

13:00 - 14:00 Lunch

14:00 - 14:40

Data army of one - Unconventional tools to conquer data challenges
Ewald Horn

Adventures with Generative AI APIs
Rishal Hurbans

14:40 - 14:50 Movement break

14:50 - 15:30

PRQL - Modern, functional data transformations with the Pipelined Relational Query Language
Tobias Brandt

Cut adrift - practical MLOps buoys
Austin Poulton

15:30 - 15:40 Movement break

15:40 - 16:10

Modern Data Management
Jody Roberts

How to do everything right and still fail - a story from the data engineering frontlines at the City of Cape Town
Gordon Inggs

16:10 - 17:00 Data Mixer - Social and networking

Networking, tea and exhibition area
